1. The question that I have in our research, we've noticed that you've maintained your OPIDS for financial aid purposes for individual institutions. We asked a clarifying question around cross enrollment and the response that we received stated that there's only one student record and one transcript per student.
 - a. Is that per institution or is that across the system?

1. Is it possible to get a list of the third-party integrations, listing which ones are shared and which ones are single institutions?

Attached at the end of this Q&A.

2. And then I had one additional question. I know you all had supplied the FTE of the full-time equivalency list as a combined number, for Students is it possible to get that separated out between institutions?

	CCV	VTSU
Full-time students	822	2906
Part-time students	4555	2230
FTE students	2755	4773
